January 2012

To Whom It May Concern:

I am pleased to offer my enthusiastic recommendation for Scott Flynn. Scott has been a family friend for over 20 years, and I have worked with him through Sound Advice for at least 10 years.

I've always known Scott to be hard-working, well-organized and reliable. His professional demeanor has been appreciated during the times I have needed help with video duplication projects. He has been someone I can turn to to get the job done on time and within budget.

Through his work with Sound Advice, Scott has been instrumental in helping maintain a positive image for Harvey Mudd College. During our 50th anniversary several years ago, Scott provided duplication services for a video for our festivities that was very well received and widely distributed. With many other assignments occurring at the same time, it was a relief to know that this job was in good hands and that Sound Advice would provide a quality product.

Not only is Scott intelligent, talented and hard-working, he has a pleasant personality, a great sense of humor and is a delight to work with. Anyone that chooses to work with Scott and Sound Advice will be most fortunate.

Sincerely,

S Graham
